

If You Are Sick

With Headache, Neuralgia, Rheumatism, Dyspepsia, Biliousness, Blood Humors, Kidney Disease, Constipation, Female Troubles, Fever and Ague, Sleeplessness, Partial Paralysis, or Nervous Prostration, use Paine's Celery Compound and be cured. In each of these the cause is mental or physical overwork, anxiety, exposure or malaria, the effect of which is to weaken the nervous system, resulting in one of these diseases. Remove the cause with that great Nerve Tonic, and the result will disappear.

PAINE'S CELERY COMPOUND

Jas. L. BOWEN, Springfield, Mass., writes:—"Paine's Celery Compound cannot be overpraised as a Nerve Tonic. In my case a single bottle wrought a great change. My nervousness entirely disappeared, and with it the resulting affection of the stomach, heart and liver, and the whole tone of the system was wonderfully invigorated. I tell my friends, if sick as I have been, Paine's Celery Compound will cure you!"

SUNDAY - - - November 25 1893

Briefs.

A VERY brisk - - - yesterday.

JUDGE POWER was a south-bound passenger on the Utah Central last evening.

W. B. GODDARD was in the Junction City yesterday, looking up the possibilities in real estate.

TRAVEL is pretty nearly balanced with a little balance, perhaps, in favor of the west-bound trains.

The trains were on time last evening, except the Denver & Rio Grande, which was an hour late.

The mails are getting more and more heavy as the season advances, and will continue to increase until after Christmas.

TRAIN DISPATCHER Harry Blazell, of the Southern Pacific, goes west this evening with his family on a little recreation tour.

None the market reports for Ogden at the bottom of this column. It will appear every Sunday morning until otherwise noted.

EVERYBODY seems satisfied that Ogden has as good a market and as good a climate as any city in the mountain region, if not in the United States.

S. L. JENNINGS, of Omaha, was a round town yesterday looking for a choice investment in real estate. His belief is that the market hereabouts will exhibit a large advance in the next few months.

WHILE cities and towns within a hundred miles are covered in snow and frozen streams adorn the valleys, Ogden is enjoying a veritable Indian Summer. There has not been a frost even in several weeks.

DEPUTY UNITED STATES MARSHAL STEEL and four United States prisoners were passengers over the Utah Central last evening, for "Cohabville." Most of those sentenced will recuperate until the flowers bloom in the spring—chestnuts!

THE Boston Quintette Club returned to this city last evening and gave another of their inimitable concerts in the Opera House for the benefit of the Catholic fair. They were loud in their praise of the hospitality of the Salt Lake people and their treatment while there.

EVERYTHING that can be done toward completing the many buildings now under way is being done by the contractors. The excellent weather makes work a pleasure and at least a third more work can be done in a given time by most of the men in this temperature than in the excessive heat of the summer months.

THE roof of the City Hall is completed. The carpenter and tinner have brought down their tools, and the painters have only to go over the south tower once more and they too will be away. On the inside the carpenters have their benches, and are following up the plasterers pretty closely. The plasterers will be through in a short time. The grading is going on steadily, a number of loads of loam were yesterday placed on top of the sand and gravel, and will make a good foundation for any grass or flowers that may be hereafter placed in it. The iron columns are being put in position in the portico, and thus the good work goes on.

THE "HERALD" DRAWING.

In Answer to Many Inquiries We Publish the Following:

The 1,250 prizes are to be limited to the "Semi-Weekly Herald" alone, and the number being so large everyone has an excellent chance. The drawing will be conducted publicly early in 1894, due notice being given in advance. The plan will be the simplest and fairest possible. Every premium receipt issued is numbered. A duplicate of every number issued is retained in this office. All these numbers will be placed in a box and a blindfolded child will be selected to draw them out. The first 1,250 numbers drawn will entitle the holders of the corresponding numbers to the prizes. The prizes will be numbered from 1 to 1,250, graded according to their value. Thus the city lot (value \$300) is Prize No. 1. The Holstein bull (value \$800) is Prize No. 2. The Kimball organ (value \$110) is Prize No. 3, and so on down to the 1,250th. The first number drawn from the box entitles the holder of that number to Prize No. 1; the second to Prize No. 2; the third to Prize No. 3, etc.

The drawing will be presided over by a committee chosen by holders of tickets. A record is carefully kept of all numbers issued, so that it can be ascertained at once where the lucky holder resides.

REMEMBER, the Semi-Weekly Herald, ten pages, the brightest, largest and liveliest family paper in the west, goes with a chance in the drawing FREE—one year in advance only \$3.00.

FIRST ANNUAL CONVENTION OF UTAH CHRISTIAN ENDAVOR SOCIETIES.—This convention, for which extensive preparations have been made, will be held in the First Congregational Church, (Independent Hall), this week, beginning at 4 p.m. Tuesday, the 27th, when a half hour session for the organization of a State Union will be held, followed by a public meeting at 7 p.m. On Wednesday the session will be from 9 till 11:45 a.m., and from 2:15 till 5 p.m. In the forenoon three Utah boys will discuss the advantages of the society from a Utah point of view. At 4 p.m. a children's meeting will be held, conducted by a little girl. At 5 o'clock a Christian Endeavor social for members of the society. Wednesday evening a big public meeting. Railroads give half rates.

THE Catholic population of Connecticut is about 300,000.—Church Progress.

THE late Mrs. Betsey Bradley, of New Haven, left her estate of \$300,000, one-third to the Seamen's Friend Society and the rest to St. Paul's Church.

R. P. WILDER, of Princeton College, visited Queen's College at Kingston, Ont., and secured a promise of eleven students—nine men and two women—to go as missionaries to India.

THE statistics of the Upper Iowa Methodist conference show 1,756 probationers, 23,271 members, 128 local preachers, 261 churches, valued at \$232,394, and 123 parsonages, value, \$101,095.

FOR her \$8,000,000 of people, Siam has as yet, but eight missionaries, all but one of the Presbyterian board. There are one or two Baptist missionaries laboring among the Chinese at Bangkok.

THE Lutheran Church at Astrachan lately laid the corner-stone of a new building for public worship. The church it used since the year 1722 was built of frame. Astrachan lies in an island in the Volga, near the Caspian Sea, and is a city of 60,000 inhabitants.

THE wealth of church members in the United States, as given in the census of 1880, was \$9,000,000,000. Their contributions annually for missions was an average of one-sixteenth of a cent for every dollar, or one dollar in every 1,586.—Christian at Work.

THE American Board decided, at its recent meeting, to ask for an increase in contributions of \$50,000. Considering that the churches contributing to this board are doing so much, this seems a large demand. But the probability is that it will be raised.—Christian Standard.

THE last chapter of the translation of the Bible into Assamese was completed on the 21st of June last by Rev. A. K. Gurney, of the American Baptist Mission. Portions only are in print, but the manuscript translation is ready for the press.

CAPTAIN LANE and his missionary sloop visited many places along the coast of Maine during the summer. Services were held in many communities where the people had seldom heard the gospel preached. He planned seven Sunday schools.

THE publication of the Bible in Rome by Martini, the well-known publisher, in penny parts has been successful beyond expectation. About 50,000 copies are sold every week. The book is well printed, and each part has been reduced to the easily readable bulk of eight pages.—Presbyterian Banner.

If one makes a misuse of the probation he has in this world by refusing to improve it, then, judging from his conduct here, he would do no better if he had a second probation in the next world. If he so improves his present probation as to make sure of heaven, then he will not need a second one hereafter for the same purpose.—The Independent.

THE Rev. Dr. Dix, the distinguished rector of Trinity church in New York, has preached a series of Lenten sermons which have caused a great sensation in the fashionable circles of that wicked metropolis. Dr. Dix is very eloquent and very plain-spoken and he has depicted in lurid colors the demoralization of modern society. Very likely he has overdrawn the picture, but the outlines we suspect are only too correct. He begins the recital of sinful temptations with the modern novel and drama and some of our poetry. The author he says, is apt to choose a fallen woman for a heroine and to concoct a plot in which seduction, adultery, divorce, murder and suicide are conspicuous elements. The nude and lascivious are the characteristics of literature and art. The marriage market; the half-dressed pictures of daughters, displayed before a curious crowd; the practical sale of young girls to men who have money, to be called their wives but not to be their helpmates; the willingness on the part of everybody to condone all sorts of immoral practices if a man has a long bank account; the flirtations among men and women who find it difficult to blush at the scandals they raise, cut in a word, the thousand and one peculiarities of society both here and abroad, which show indi-

delity and demoralization—these are all in the catalogue, and without naming matters he hauls society up to the ring bolt and denounces it as lascivious, lustful and damnable.

CANNON TAYLOR'S FAILURE.

One of the biggest failures of this year is Cannon Taylor's much advertised fortnightly article on what he falsely calls "the great missionary failure." The result is just the opposite of what the writer sought to reach. He has been confronted by a host of reliable witnesses who correct, contradict and refute him, and the upshot of the whole matter is the laying of greater stress on the established fact of missionary success. This canon is either a confirmed pessimist or he has had a bad attack of the blues. Such a person cannot enter into the plans and hopes nor recognize the rewards of religious propaganda as a review writer. Even the canon himself is a failure.—The Interior (Frederician.)

The "Contributor" Portrait.

There seems to be some misunderstanding as to the meaning of the notice in THE HERALD of last Sunday regarding the large premium portrait of President Brigham Young that is to be given to every person who subscribes for the Contributor for one year. It is not one portrait that all who subscribe will have a chance to draw for. The portrait, or a copy of it, goes to every person who subscribes for the magazine for one year. It is a fine feature, and should materially augment the Contributor's subscription list.

British Bits.

LONDON, November 23.—Edison's agent to-day exhibited his phonograph before the faculty of Oxford University.

Sir William Jenner has resigned from the British Medical Association. An influential committee has addressed a protest to the council of the association against the publication by the British Medical Journal of the late Emperor Frederick's note to Dr. McKeezie.

A Cast-Iron Agreement.

NEW YORK, November 24.—The Times says: "At a meeting yesterday, between Jay Gould and representatives of the Santa Fe, St. Louis & San Francisco, the Rock Island, the Burlington, and C. P. Huntington lines, a cast-iron agreement was made terminating the disastrous war rates which have been prevailing in the southwest."
